

Parable of the Sower

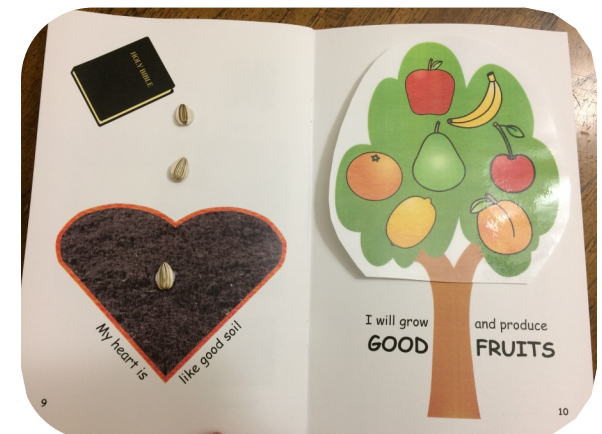

SUPPLIES NEEDED

For each child you will need the following:

- 1 Sheet Regular Paper (8.5" x 11")
- 5 Sheets of Cardstock Paper (8.5" x 11")
- 7 Sunflower Seeds (or other large seed)

DIRECTIONS

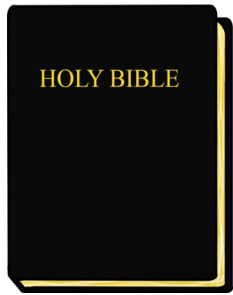

- Print page 2 one-sided on cardstock paper. During class, retell the story using these [slides](#). At the end, use page 2 to review the different kinds of soils/hearts.
- Print page 3 one-sided on regular paper. Then print pages 4-9 **two-sided** on cardstock paper.
- Put pages 4-9 in order and use a long-arm stapler to staple them together and make a booklet.
- Before class, use school glue to glue a sunflower seed on each of the different types of soil (odd pages). On page 9 of the booklet, glue two seeds dropping out of the Bible and one seed inside the heart (see picture below).
- Cut out all the pictures on page 3 and put them in a Ziploc bag for each child.
- During class, give each child a booklet and a baggie of pictures. Work through the booklet together, gluing on the pictures correctly on the even pages.
